

# BOARD OF SUPERVISORS PREPARE PLANS OF EL MODEMA ROAD

Supervisor Struck Wants to  
Get Mile of Paving  
Completed

The Board of Supervisors has instructed County Surveyor McBride to prepare plans and specifications for paving East Chapman avenue between the county good roads corner at McPherson and El Modema. Yesterday Supervisor F. W. Struck of Orange stated to the board that work on the proposed pavement should be begun as soon as possible. He moved that the instructions be given McBride for the commencement of the preliminary work, and the motion carried.

Some time ago the supervisors agreed to build the road, which is a mile in length, this year. It is a part of the road that will eventually be

### CHAMBER OF COMMERCE COMMITTEE HEADS REPORT ON VARIOUS BOOSTER PROJECTS

The regular first monthly meeting of the directors of the Chamber of Commerce was held last night, W. A. Zimmerman presiding. The directors were Messrs. E. E. Vincent, G. B. Shattuck, E. A. White, Fred Rafferty, Geo. S. Smith, H. A. Gardner and H. T. Rutherford.

Mr. Rutherford, chairman of the committee looking after the sign being erected on the east wall of the Santa Ana Commercial Company's plant on east Fourth street, reported that the sign is being painted and will be finished in a few days.

In regard to the matter of securing the Huntington Beach broom factory for Santa Ana, Mr. George Shattuck reported that the broom people were well satisfied with their present location at the beach town.

The Universal Film Company has not yet replied to the telegram sent by Secretary Metzgar, according to the report of the chairman of the committee, Mr. Fred Rafferty.

O. M. Robbins and H. A. Gardner have been added to the committee.

### COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur it Darkens so Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

### "Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk-white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10¢ for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to net \$3,000 a year from 100 hens. E. E. MacAVOY, secretary Houdan Club, Cambridge, N.Y.

### CHICHESTER'S PILLS

THE DIAMOND BRAND.  
Labeled Ask your Druggist for  
Chichester's Diamond Pills.  
Take 6 & 1/2 pills & a small  
glass of water. Take three  
times a day. Price per  
dozen \$1.00. Price per  
box \$1.00.

Rowley Drug Company

# JUICE COSTS SEVEN CENTS

Edison Company's Voluntary Reduction in Rate Now in Effect

You are only paying seven cents per kilowatt hour for the electric juice that you are using in your house.

Last month you paid eight cents. The Southern California Edison Company voluntarily reduced the lighting rate in this county from eight cents to seven cents.

The high cost of living does not apply to electric lights. The Edison company has gone over its records in Santa Ana for the last seven years, and it finds that the sum of \$1 today buys about five times as much light now as it did in 1908. Consumption of electricity has greatly increased, and that is one reason why the Edison company has been able to reduce its rates. Voluntarily it has made two reductions in the last two years.

In 1908 for \$1 the resident of Santa Ana could buy 1904 candle hours of electric light. In 1910 for the same amount 3,078 candle hours were bought, and in 1912 it bought 8,000 candle hours. Now, 1914, \$1 buys 11,428 candle hours.

It is with a good deal of satisfaction that these figures will be reviewed by those who have been watching most things go up instead of down, in price.

## Remarkable Skin Cure In Santa Ana

### J. B. Carter Tells of Complete Relief from Skin Disease by Use of D. D. D.

Santa Ana, Cal. — This is to certify that D. D. D. has cured me of a disease which I have had since boyhood. Having suffered all night that it was hard work to sleep. All other remedies have failed. I can recommend it to my fellow sufferers and hope they will receive the same benefit I have.

J. B. CARTER  
So confident are we that the D. D. D. Prescription will reach your case too that if the very first full size bottle fails to do exactly as is claimed, it will not cost you a cent. Drop in and let us tell you more about this great remedy. D. D. D.

## CALIFORNIA DRY CLUB IS TO BE ORGANIZED

Under the auspices of the Ministerial Union a prayer meeting and mass meeting is called to meet at the First Presbyterian church at 7:30 o'clock tonight for the purpose of forming a "California 1914 Dry Club" for Santa Ana. A good program has been arranged. There will be songs and helpful reports, with plenty of enthusiasm. Every church, temperance society, political party, C. E. Society, schools, Y.M.C.A., and newspaper and other activities, will be represented.

A large audience is expected, for the invitation is to every person in Santa Ana.

## EXTENSION OF BIG INDUSTRY

Demand for Citrus Property Shows Confidence of Investors in the Industry

Many Sales Have Been Made at North Whittier Heights Since January 1

The fact that there has been some sixteen separate sales made in the North Whittier Heights orange and lemon land subdivision in the Whittier foothill section through Edwin G. Hart, manager and general sales agent of the property, since the beginning of the year 1914, for a total sum of \$69,320.66, is a concrete demonstration of the confidence in which the future of the citrus industry is held by the investing public, and of high-class fruit hill citrus land in particular.

One of the most impressive facts in connection with the activity of this property is that a large number of those who are investing are successful orchardists, nurserymen and business men who are familiar with the conditions in Southern California as well as with land values.

Among those who have invested are the Pollard Brothers, well known nurserymen of South Pasadena; H. M. Jordan, John R. King, George Weinshank, and Wendell McCaslin, prominent nurserymen and orchard owners of Whittier; the McMillan Brothers and T. G. Challoner, nurserymen and experienced orchardists of Alhambra; Mr. Ed Hopkins, the county assessor of Los Angeles county, and his deputy, Mr. Wright, and Charles H. Hamberg of Whittier.

The unplanted lands were sold for prices ranging from \$650 to \$800 per acre, with water; and the young planted groves, with irrigation system installed, at prices ranging from \$87 to \$950 per acre.

A number of the purchasers are planning to erect villa homes on their property during the present spring while others have arranged to have their orchards cared for by the company's force of orchard experts until later date, when they too, will make their home.

The class was facing a crisis in its own development. There was need of some broadening interest to quicken it into new spiritual life. Olive Connor proved to be the needed inspiration.

The young women rose en masse to her honor. They loved her, were proud of her, and joyously volunteered to prepare her wardrobe and assist in equipping her for her future work.

Most of the articles were made by their own hands, and the love they bore for her and the interest in the work drew them all together in a new sweet bond. Together they wept at the thought of parting from her, and together they planned to be brave for her sake when the parting must come.

Many sacrifices were gladly and willingly made, and the spiritual life of each girl was broadened by this new interest.

One day, clad in her girlish traveling costume, brave and smiling to the end, she bade good-bye to the devoted friends and the father and mother she scarce expected to see again, and on the twentieth of November sailed for India to begin her work.

Her field of endeavor was the normal school for native girls at Godhra. This work had only fairly begun when she, in company with another missionary, started out on an evangelistic tour lasting several days.

On this tour she contracted smallpox, and from the first was very ill, and never became conscious after she was stricken. Notice of her being exposed to the disease was sent home, but she died before the letter reached its destination. Her death came on the 28th of March, and she was buried in the English cemetery at Baroda.

In her last letter she spoke of her missionary life being the happiest she had ever known.

A beautiful young life sacrificed, you say? But what about the spirit of missionary zeal and self-sacrifice she awoke in the whole church, and what of the uplift given to her own Sunday school class? And what of the letters written back to her friends by her native girls in the Godhra school, testifying of how they loved her and saw Jesus in her?

In writing of her I am again and again reminded of her favorite hymn, sung at the meeting held in her honor before she left Santa Ana. I can still see the packed auditorium of eager faces turned to that white-robed, earnest-faced young woman on the platform, and still hear the swelling notes of that grand battle hymn—

"The Son of God goes forth to war, A kingly crown to gain; His blood-red banner streams afar— Who follows in His train?"

Another Woman's Case.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRAHAM FISHER, 1642 Juniper Street, Philadelphia, Pa.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

## IN MEMORY OF OLIVE CONNOR

Though Dead, She Yet Lives in the Hearts of Those Who Loved Her

[As it is nearing the anniversary of Olive Connor's death, I thought it would be well for us to pause in the midst of our busy lives to again contemplate the life and work of the young woman whose beautiful spirit so impressed all who came in contact with her.]

### THE SUPREME GIFT

BY DELLA PHILLIPS

In the First M. E. Church of Santa Ana, California, there is an interesting class of young women. Among their number in 1911 was an attractive young woman of 26. Well educated, vivacious, and winning in personality, Olive Connor was easily the favorite in the class. Her sweet spirit kept as well as made friends.

In August of that year she, with other young people, attended an Epworth League Institute at Huntington Beach, and here she made the decision to offer herself as a missionary to foreign fields. One of her chief reasons for this decision was the fact that she was blessed with a strong body, and she felt that it should be offered in the work for which she realized there was such great need. In what a peculiar sense her health and strength was an offering to the cause, she did not then dream.

Those who were experienced in selecting missionary timber at once saw the possibilities in this young woman and in three short months arrangements were made for her to go to India.

But before she left Santa Ana, a work almost as wonderful as missionary endeavor was wrought through her in the church, and her own Sunday school class. The girls of the class were willing and ready for service, but up to that time their activities had been mostly confined to the narrower interests of their own class and community.

It was like opening a window in a closed room when Olive Connor returned from the institute with the light of a great purpose shining in her face. The fervency and spiritual beauty that characterizes one who has made the great missionary consecration illuminated her countenance. Always an attractive Christian, she was now irresistible. People wondered and bowed down to the new spiritual grace that seemed to emanate from her.

The class was facing a crisis in its own development. There was need of some broadening interest to quicken it into new spiritual life. Olive Connor proved to be the needed inspiration.

The young women rose en masse to her honor. They loved her, were proud of her, and joyously volunteered to prepare her wardrobe and assist in equipping her for her future work.

Most of the articles were made by their own hands, and the love they bore for her and the interest in the work drew them all together in a new sweet bond. Together they wept at the thought of parting from her, and together they planned to be brave for her sake when the parting must come.

Many sacrifices were gladly and willingly made, and the spiritual life of each girl was broadened by this new interest.

One day, clad in her girlish traveling costume, brave and smiling to the end, she bade good-bye to the devoted friends and the father and mother she scarce expected to see again, and on the twentieth of November sailed for India to begin her work.

Her field of endeavor was the normal school for native girls at Godhra. This work had only fairly begun when she, in company with another missionary, started out on an evangelistic tour lasting several days.

On this tour she contracted smallpox, and from the first was very ill, and never became conscious after she was stricken. Notice of her being exposed to the disease was sent home, but she died before the letter reached its destination. Her death came on the 28th of March, and she was buried in the English cemetery at Baroda.

In her last letter she spoke of her missionary life being the happiest she had ever known.

A beautiful young life sacrificed, you say? But what about the spirit of missionary zeal and self-sacrifice she awoke in the whole church, and what of the uplift given to her own Sunday school class? And what of the letters written back to her friends by her native girls in the Godhra school, testifying of how they loved her and saw Jesus in her?

In writing of her I am again and again reminded of her favorite hymn, sung at the meeting held in her honor before she left Santa Ana. I can still see the packed auditorium of eager faces turned to that white-robed, earnest-faced young woman on the platform, and still hear the swelling notes of that grand battle hymn—

## The Display of Our New Styles In Beautiful Spring Dresses and Waists Is Causing Much Comment and Delight

—In beauty of design, richness of colorings, quality of material and carefulness of finish, we have never shown the equal of our line of Spring Dresses.

—And they are moderately priced; we are surprised ourselves at the values we have secured. Handsome silk Poplins, soft satins, half silk Ratines, can be had from \$13 to \$25, in exclusive models that you don't find in pattern books.

—Wash Ratine Dresses, beautifully made, at \$7.50.

—White voile dresses, in any style desired, both simply made or elaborately trimmed, ranging in price from \$6.00 to \$20.00.

—These are some of the "good things" that await the dress buyers. Why bother with making them, when such pretty ones can be had so reasonably? Come and see.

### ELECTION OF TRUSTEES

The Register desires to go on record as favoring the ordinance introduced at the last meeting of the City Trustees, by Trustee Grubb, providing for the election of trustees at large instead of by wards. The ordinance is a good one and ought to be adopted. It embodies a cardinal principle of modern municipal government—a principle that has the approval not only of students of municipal government, but of wide practical experience.

A councilman or city trustee does not represent the people or act for a ward or part of the city, but he represents all the people and acts for all parts of the city. Why, then, should he be elected by a very small minority of the citizens?

Under the system of election by wards, it is easily conceivable that a man unfitted for councilman or trustee, or one objectionable to a large majority of the voters of the city at large, might be elected. Fortunately, owing to the uniform character of our population, nothing of the kind impends in Santa Ana, but this does not lessen the force of the illustration or detract from the value of the principle involved.

We know of an instance of the recall of a city councilman by a ward vote, because of his opposition to the liquor traffic, in a city where the vote at large had stood over and over again three and four and five to one against the liquor traffic. The recall was accomplished by packing the lodgings and apartments in that ward with temporary pro-liquor "residents." Had the vote been at large this would have been impossible.

Councilmen or trustees elected by wards are often handicapped and harassed in the performance of their duties by the false and vicious idea that they are the special representatives of the particular ward from which they are elected, and that they must secure favors for the people and property of that section of the city—a sort of "pork barrel" proposition. In ward elections there is always a

false factor in the vote—that is, no man ever is elected or defeated solely on his merits or demerits. Even though exceptionally well qualified for office, he may be defeated because, in a former incumbency, he has failed to meet the neighborhood expectations along "pork barrel" lines. And on the other hand, even though largely or even wholly unfit for office, he may be elected for neighborhood purposes or reasons entirely at variance with the community interests as a whole.

Every official act of every city trustee or councilman affects the whole city and all its people, and every voter of the city should have a voice in the election of every councilman or trustee.

### SMOKING ON STREET CARS

Sooner or later, every city large enough to need street-cars has to settle this question: Should or should not smoking be permitted on such cars? In all cars of the closed type—the most prevalent kind—when smoking is permitted it is usually limited to the front or rear platforms. As passengers need to use both the rear and front platforms in boarding or leaving cars, the condition of these parts of the car is a matter that directly concerns the public health. While many cities have anti-spitting ordinances, these laws are, in the majority of instances, more honored in the breach than in the observance. As a result, the street-car platforms where smoking is permitted become both an offense to the eye and a menace to health. Where smoking is allowed on the front platform, and particularly in that type of car that has the front platform enclosed, the motorman works from morning until night in a tobacco-smoke-impregnated atmosphere, while the passengers who leave the car by the front platform have to pass through this expectoration-decorated "fume-chamber." When the question, Shall smoking be abolished on street-cars? comes up for settlement with any city, there can be only one answer in the opinion of The Journal of the American Medical Association. From the point of view of hygiene and common cleanliness, to say nothing of the comfort of the majority, smoking on street-cars is an indefensible nuisance.

**CHILDREN WHO ARE SICKLY**  
Mothers who care for their own comfort and the welfare of their children should never be without a box of Mother Gray's Sweet Powders for Children, to use throughout the season. They break up Colds, Believe Feversishes, Constipation, Feeding Disorders, Bronchitis and各种 Troubles. Used by Mothers for 24 years. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25. ### Editorial Edibles

We never know how weak our army and navy are until the appropriation bills come up in congress.

Hans Schmidt, the former priest, says he is willing to hang for the murder which was committed; this makes it unanimous.

It is said that Mexico is buying all the guns in Texas. If this is true it is a good thing for Mexico, but more especially for Texas.

Mr. Hobson is ungrateful. It was Mr. Underwood who "discovered" Hobson and introduced a resolution to give him the thanks of congress for sinking the Merrimac.

More evidence that Japan is rapidly forging abreast of the world. Naval officers are accused of graft, the cabinet refuses to act, a mass meeting adopts resolutions of impeachment, a mob attacks parliament for failure to oust the cabinet, cheers and jeers and a fist fight pulled off on the floor of

the legislative hall. No wonder Japan is insistent upon her rights as a most favored nation.

Marconi can now light a lamp wirelessly at a distance of six miles, but he cannot stimulate the furnace in the basement without getting out of bed.

Jonah may not have swallowed the whale; but just look at the way the new Federal baseball league is swallowing the other.

Many a woman who never suspects it shows that she has plenty of backbone by wearing a low-necked gown.

Dressmakers say the waist line will be no higher this year, but we bet the price will be.

There is a man named Angel living in Texas, but we don't know what he is doing there.

If Peru cares for imported goods, we now have a couple of perfectly good ex-presidents capable of doing the work of reconstructing her tottering government.

Huerta can take a soft pencil and a pad of paper and figure up an army as readily as an ordinary man with with the same materials can make a fortune in the poultry and egg business.

## PLenty OF PROOF

From People You Know—From Santa Ana Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Santa Ana, of people who can be seen at any time. Read the following case of it.

E. O. McKinney, 711 East Pine St., Santa Ana, Cal., says: "For years I suffered from pain in my sides and over my right kidney. It was a throbbing pain and was often so severe that it seemed as if a knife had been thrust into me. I thought the trouble was caused by heavy lifting, but I couldn't get relief. On the advice of one who had used Doan's Kidney Pills, I got a box. I soon found relief, and I continued taking them until the pain had gone. The action of my kidneys was regulated, too. I have only had need of Doan's Kidney Pills once since Hard work brought on an attack of backache, but a couple of boxes of Doan's Kidney Pills fixed me up all right. I have just as much faith in Doan's Kidney Pills now as I did when I publicly endorsed them some years ago."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Advertisement.

## ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head, or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

embroidery, 5 to 10 inches wide, inser-

to match, on sale center tables today and all week at Gilbert's.

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

### Brief, But Crushing

He was very badly in love and had sat up till the "wee sma' hours" composing the following lines:

Beautiful one, with eyes so blue,  
Oh, how my fond heart sighs for you!  
Sweet spirit, listen to me now;  
Hear once again my ardent vow.

He wrote a yard of this soul inspiring verse and sent it to the object of his adoration, with a request that she would express an opinion on its merits. This is what he received:

"Dear Mr. Hopkins," she wrote. "I do not like to hurt your feelings, but if you will read the initial letters of your first four line downward I may say that they express my sentiments exactly."

### Smiles Over "Self Help"

An editor who was compiling a volume of prose selections had proposed to include a characteristic piece from "Self Help," and the question of copyright arose. The publisher (the worthy head of a distinguished house) himself took the matter in hand and sent the editor an autograph note to the following effect:

"I have written to Mr. Smiles respecting the selection, you propose make from his writings, but there has been no reply. Under the circumstances I think you had better omit this piece."

Naturally there is much curiosity as to how and where "Mr. Smiles" was addressed.—Manchester Guardian.

The regular monthly dance of the Fraternal Brotherhood will be held Thursday evening at Moose hall. Good music. Everybody welcome. Admission, 50 cents a couple.

Dr. Pearl B. Magill, Osteopath, rooms 1 and 2, Rowley building. 956W.

# Doings In Social and Club Circles

## LADIES CANTON CLUB

Enjoyable All-Day Affair for Members at Tustin Home of the John Holts

The Ladies' Canton Club met yesterday afternoon at the Tustin home of Mrs. John Holt, the enjoyable affair lasting all day. The dinner, served at noon by Mrs. Holt and the other members of the committee, Mesdames Getty, Fowler, Harris and Hubbard, was a triumph of the culinary art. It was a chicken dinner and not only were the chickens cooked to a turn but every accessory, from the brown gravy and mashed potatoes to the dessert of delectable pie and coffee that melted in one's mouth, and coffee of the finest aroma, was of the finest.

The afternoon was spent in visiting over the sewing that the ladies were doing for Mrs. Holt, the hostess. A few matters of business were attended to, one of these being the admission of Mrs. O. H. Marryatt of 331 East Chestnut avenue, into membership in the club. The day of meeting was changed from the first Wednesday in the month to the second Friday of each month.

Those who were present besides the hostess, Mrs. Holt, were Mesdames Frank Adams, Paul Anderson, A. C. Black, Allard E. Bird, William Collier, Jas. Clark, William Chandler, Joseph Fowler, C. H. Getty, L. J. Harris, Clinton Hubbard, James Liebig, William Morrison, O. H. Marryatt, Flora Pyle, George Peters, Ad Shook, maker, Burkett Utley, Robert Wallace, Louis Findeisen, Messrs. Holt, J. E. Liebig, L. Findeisen and Capt. Marryatt were guests of the club.

—O—

good suggestions were brought out that will doubtless prove a benefit to the society. Reports were heard from the secretary, treasurer, thank-offering secretary, decorating committee, social committee, literature secretary and Little Light Bearers superintendent. The society gave a vote of thanks to Mrs. A. G. Getty for her faithful services as chairman of the decorating committee for the past year.

The Women's Presbyterial will meet in San Diego in April, and the following delegates were elected: Mrs. J. G. Kennedy and Mrs. M. M. Tidball; alternates, Mrs. Steele Finley and Mrs. C. C. Collins. The officers who are delegates are: Mrs. D. L. Anderson, Miss Sarah Finley, Miss Minnie Cowan and Mrs. J. E. Kellogg. The society voted to postpone the next meeting for one week that reports from the Presbyterial may be given at the postponed meeting. The election of officers for the year was held, resulting as follows: President, Mrs. J. G. Kennedy; vice-president, Mrs. D. L. Anderson; secretary, Miss Minnie Cowan; treasurer, Mrs. J. E. Kellogg; thank offering secretary, Mrs. M. M. Tidball; literature secretary, Miss Rosaline Kellogg; temperance secretary, Miss Sarah Finley.

At the close of the meeting the hostesses, who were Mrs. J. E. Kellogg, Mrs. Ernest Kellogg and Mrs. A. H. Morrow, served coffee and doughnuts. They were assisted in serving by Miss Cook and Miss Rosalie Kellogg.

## Was Much Entertained

Mrs. Mary S. Emerson, residing at 810 Riverine avenue, has been entertaining her sister, Mrs. Windsor of Pittsburgh, Pa., for the past two weeks. Several delightful social affairs have been given in her honor. Mrs. Emerson's many friends have greatly enjoyed the charming acquaintance of her sister and hope she may again visit Santa Ana and that in the near future. Mrs. Windsor will spend a month in Los Angeles before returning to her home in Pittsburgh.

Among the many delightful functions given for Mrs. Windsor was a recent afternoon party at the Emerson home, an affair at which Judge and Mrs. E. T. Langley were hosts, picnics at the parks and at the beaches.

## Veteran Rebekahs to Meet

The Veteran Rebekah Association will meet tomorrow afternoon at 2 o'clock in the parlors in the Odd Fellows' building. Mrs. John Holt will be in charge of the program.

—O—

## Pottery and China

The home of Miss Gertrude Montgomery, 210 East Walnut, was the scene of an interesting and instructive meeting of the Second Section of Ebell Household Economics yesterday afternoon. Suggestions on the care of china and silver and other table appointments were made in response to the roll call.

The subject for the afternoon, "Pottery and China," was most interestingly talked on by Miss Beulah May, who told how china was introduced into Europe from China, also telling the process of china making, taking her hearers through the process from the modeling in the rough clay to the decorating and glazing. So greatly was Miss May's talk enjoyed that the ladies gave her a rising vote of thanks at its conclusion.

Delicious refreshments were served by the hostess, Miss Montgomery, and the other members of the committee, Mrs. Wilbur Palmer and Mrs. Howard Turner.

—O—

## Will Elect Officers

The members of the Ladies Aid Society of the First Presbyterian church are asked not to forget that officers will be elected at the meeting to be held tomorrow afternoon at the church. A full attendance is requested.

—O—

## Unitarian Social

The monthly Unitarian social will be held tomorrow evening at the Unitarian church. Supper will be served at 6:30 o'clock, and the evening following will be spent in a social way, with the additional attraction of a brief program, followed by talks from Mr. and Mrs. A. D. Bishop on their recent European trip.

—O—

## Postponed Meeting

## AUCTION BRIDGE PARTY

Entertaining for Guest from East, Mrs. Reid Gives Charming Affair

Mrs. Robert E. Reid was hostess at a very delightful auction bridge party yesterday afternoon in honor of her cousin, Mrs. Klenchmidt of Indianapolis. She was visiting Mrs. Reid and Mrs. Mauzy this winter. The Reid home has been beautifully remodeled and presented a most inviting aspect for yesterday's affair. Suggestions of the Emerald Isle were seen in the decorations of green mingled with white, ferns, calla lilies and Laurestina being employed; and in the score cards which were miniature green hats. The same motif prevailed in the delicious refreshments served after the bridge games.

The prize winners were Mrs. Will Spurgeon, first; Mrs. J. P. Hatfield, second, and Mrs. James Willis Rice, consolation. The five tables of players included Mrs. Klein Schmidt, the complimented guest; Mesdames Sherman Stevens, Will Spurgeon, John McFadden, J. P. Hatfield, Arthur Lyon, John Tubbs, Frank Remberg, Alice Harris, Fred Parsons, Robert Shafer, Fred Case, William Malone, Chas. Kelley, J. R. Porter, H. D. Connell, B. E. Turner, James Willis Rice, others invited were Mrs. W. E. Winslow, Mrs. Frank Case, Mrs. P. R. Reynolds, Mrs. Jas. S. Rice.

## Interesting "Y" Report

The annual report of the Santa Ana "Y," or Young People's Branch of the W.C.T.U., for the year ending March 1, 1914, submitted by Miss Corinne Burns, corresponding secretary, at the annual meeting, Monday, March 1, 1914, makes interesting reading. It is given below:

Twelve regular meetings have been held during the year, the regular time being the first Monday evening of each month at the homes of members. Besides these an invitation to meet with the Tustin "Y's" in August was accepted, the members going together in a hay wagon to Tustin.

Each meeting is opened with a short devotional service followed by a program of about an hour when some phase of temperance or reform questions is considered. Among the subjects presented in this way were Flower Missions, Summer Drinks, Summer Reading, Summer Recreation, Alcohol and Science, Relation of Food to Alcohol, Alcohol and the Government, and True Patriots. A feature of one of the meetings was a debate, Resolved, that the girls are equally responsible with the boys for the prevalent use of tobacco.

Another meeting was arranged in the form of a little playlet, also on the anti-tobacco question, entitled, "Duane's New Regime." A silver medal contest was held under the auspices of the "Y's" in June, the contestants all being from the County Detention Home.

At the County W.C.T.U. convention held in El Modena last April the "Y's" were well represented with a large delegation. At the state Y.P.B. convention held at Long Beach in September, members from the Santa Ana "Y" united with a number from the Tustin "Y" and gave a symposium on the "Prohibition States" as a part of the program. They also sang a county song at that time. The symposium was later repeated by the Santa Ana "Y" at Anaheim in connection with the temperance campaign there last fall.

Printed programs for the entire year were arranged at the beginning, and a copy of the Union Signal was sent to the president.

During the winter months a short civic lesson was conducted at each meeting by Vern House.

A social time follows the program at each meeting, when the young people have an opportunity of becoming better acquainted. There is a membership of 65, the young ladies being slightly in the majority. The average attendance at the meetings about 40; \$28.00 has been expended for the work during the year and there is a balance in the treasury of \$32.00.

—O—

## Birthday Party

Mr. and Mrs. C. C. Maxwell gave a birthday party last night in honor of Mrs. Maxwell's father, at the Maxwell home on North Custer street. Mrs. Maxwell prepared a fine supper for the occasion.

Games and music, both vocal and instrumental, were enjoyed later. The guests were Mr. and Mrs. Clare Head of Garden Grove, Mr. and Mrs. W. W. Wilson of Stanton, Mrs. W. F. Inman, Miss Iva Inman, Leroy Inman, Mr. and Mrs. R. L. Coates.

Anaheim school, but they won with

One hundred rooters, including Prof. McMeth and Miss Kiftier, the debating coach, accompanied the Santa Ana debaters and encouraged them with enthusiasm and yell. The trip was made in auto trucks.

## CURIOUS BREADS.

Made In Chains in the Balkans and Laundered in China.

Bread is made in different shapes and in different ways, according to the taste of the various nationalities. Mr. L. Lodian in Forest and Stream says: "The bread of the Balkans, curiously made in the form of chains, is sold from the arms and necks of itinerant pedlers. In tent life in Balkans, detached links are often used for fun at quoits or serve a more useful purpose in suspending temporary curtains and awnings. Then when the campers run out of provisions they literally eat their curtain rings! The Japanese bamboo bread, so named from its shape, is a somewhat similar product. It is sliced and sold in strings.

"The sun dried bread sheet of central Asia looks much like chamois leather and is made up in pieces of bed sheet size. It is compounded from flour and raisin syrup and is highly esteemed by coffee drinkers. In the bazaars of the caliphates it is frequently seen hanging in place of awnings to shield the stalls from the sun. "One of the strangest crackers comes from Russia. It is known as the mouth beg and, besides being much appreciated as a tea biscuit, is quite commonly used by merchants ignorant of the three R's as a makeshift abacus in counting money, a lower string of ten serving for kopecks and an upper string of the same number representing roubles. More picturesque still is its usage as an extempore ring for marrying poor peasants with whom the gold is lacking."

"Most singular of all, however, is the peculiar pith bread of China, which, instead of being baked, is laundered out in narrow strips with a hot iron, much in the manner that a collar receives its finishing. It is made from the central tissue of the fatsia trees and is valued highly by the citizens of the 'flower republic' as a dainty cracker to eat with their little cups of watery, unsweetened tea."

## TORPOR OF THE TURK.

Shown In a Quaint Reason For Not Delivering a Message.

An interview in the New York Sun between one of its reporters and Mr. Bedros Keljik bears humorously on the Turkish situation and seems to indicate that what is needed is not increased political activity, but more attention to business. As an illustration of the everyday torpor one of the experiences of Dr. Rita Tewfik, member of parliament for Adrianople, with a Turkish official may be cited.

Dr. Tewfik was visiting a friend at Konya, across the Bosporus. About 10 o'clock at night he heard the watchman call, "Yangın var, Galata yangın var!" ("There is fire, there is fire in Galata"), the usual alarm given when fire breaks out in any quarter.

It happened that Dr. Tewfik's own home was in Galata, and he rushed to the nearest telegraph office to inquire concerning the safety of his family. He received no answer to his telegram, and his fears were aroused. But as no boats cross the Bosporus at night he was obliged to wait till morning.

Mrs. Ella Parker left this morning for Oxnard, where she will visit for a week with the family of H. K. Snow.

Mrs. John Traylor was a morning passenger to Los Angeles today.

Mrs. E. B. Smith was a visitor to Los Angeles this forenoon.

Miss Mary Cotter has gone to Los Angeles for a few days' stay.

Mrs. Frank Ey spent today in Alhambra.

F. Mathew, who has been ill for three weeks with pneumonia, is much better, being able to sit up at the present time.

## JUST RIGHT FOR BACKACHE AND RHEUMATISM

—Foley Kidney Pills are so thoroughly effective for backache, rheumatism, swollen, aching joints, kidney and bladder ailments that they are recommended everywhere. A. A. McGrew, Neb., says: "For the last few months I was troubled with pains in my back and the druggist recommended Foley Kidney Pills for my ailment. I have not yet taken all of one bottle and my old trouble has entirely disappeared." Wingood's Drug Store.—Advertisement.

## SUSPICIOUS OF BANKERS.

In a remote farming district in which I once passed a few days I was told of a wealthy farmer whose friends, fearing he would be murdered, succeeded after an infinity of trouble in persuading him to take his money to a bank. When he interviewed the manager he asked how much the bank would charge for taking care of his cash. The manager replied that it would charge nothing, but would pay him something. "I always knew you were rascals!" he retorted, and marched off, money and all.—London Citizen.

## VERY THOUGHTFUL.

"The clocks," said the bride, "are simply beautiful, and it was lovely of you to give them to us. But—why won't you think me inquisitive?—may I ask why you gave us a pair of them? Of course it was perfectly"—

"I gave you two of them," interrupts the friend, "because I'm very fond of both of you, and if you ever get divorced you will each have something to remember me by."—Chicago Post.

## AVOIDING COMPARISON.

"What is your objection to me as a son-in-law? My character is beyond reproach."

"That's just it," said Mr. Olisport. "You don't suppose I want to go through the rest of my life having you held up to me as a shining example!"—Washington Star.

## LEAVING EARTH.

She—My husband has just left earth. He—How's that—he dead?

She—No; he's just gone up in an airplane.—Pele Mele.

## Minutes of Meeting of S. A. V. I. Co. Board

The monthly meeting of the board of directors of the Santa Ana Valley Irrigation Company was held at Orange, Feb. 28. The meeting was called to order at 10 a.m., with all members present.

The minutes of January 31, 1914, the adjourned meeting of February 3, 1914, and the called meetings of February 7 and of February 12, 1914, were read and approved.

The secretary's report was read and ordered filed as follows:

**Secretary's Report**

Orange, Cal., Feb. 28, 1914.

To the Board of Directors of the S. A.V.I. Co.

Gentlemen:—The receipts and disbursements of the company for the month ending February 28, 1914, are as follows:

**Receipts**

Cash on hand Jan. 29, 1914 \$ 6,362.76

Expense account: Water sales ..... \$ 431.93 Stock transfers ..... 13.50 Rent ..... 42.00 Construction account: Henry Franzen ..... 294.00 Stock redeemed ..... 2.19 Pipe lines, gates, etc. ..... 373.68 Assessment No. 55 ..... 2,896.09

**Disbursements**

Expense account: Refunded on water account \$ 18.07 Superintendent's pay roll ..... 305.22 Wages ..... 970.00 Directors ..... 95.96 Interest ..... 585.11 Blacksmithing & hardware ..... 255.14 Envelopes ..... 42.64 Sundries ..... 215.39 Construction account: Superintendent's pay roll ..... 1,163.97 Blacksmithing & hardware ..... 187.10 Lumber ..... 34.66 Sundries ..... 235.60 Office building ..... 597.27 Cash on hand: In hands of secretary ..... 406.91 In Bank of Orange, expense account overdrawn ..... 1,224.13 In Bank of Orange, construction account ..... 6,465.90

**On motion, the board adjourned.**

O. E. MANSUR, Secretary.

The superintendent's report was read and ordered filed as follows:

**Superintendent's Report**

Orange, Cal., Feb. 27, 1914.

To the Board of Directors of the S. A.V.I. Co.

Gentlemen:—Work done during the month is as follows:

On ditch N have laid 446 feet of 24-inch pipe and put in one delivery gate.

On petition for extension of ditch C for Dowel et al., have laid 318 feet of 12-inch, 822 feet of 16-inch pipe and put in three delivery gates.

On petition of J. A. Meadows, Fred Ahlfield and George Bates, have put in measuring gates as ordered.

On petition of Geo. Dierker have made proper connection to private pipe line instead of measuring gate.

At company's office have put in 100 feet of 60-inch cement walls.

At pump No. 2 have filled 60 feet of old pit to protect pump house.

Have replaced dam at head of canal which was washed out during first storm.

Have men employed cleaning head ditches and other breaks will be repaired as soon as possible.

Respectfully submitted,

W. A. RALPH,  
Superintendent.

Treasurer's report was received and ordered filed.

The janitor committee's report was received and approved and ordered filed as follows:

**Zanja Committee's Report**

Orange, Cal., Feb. 23, 1914.

To the Board of Directors of the S. A.V.I. Co.

Gentlemen:—Having examined all matters referred to us, would beg off of April.

**LESS DYSPEPSIA NOW  
—HERE'S THE REASON**

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Peppermint and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00. Mater's Drug Store, 106 West Fourth street, Santa Ana.

Special "Health Warning" for March

—March is a trying month for the very young and for elderly people. Croup, bronchial colds, la grippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. E. C. Rhodes, Middleton, Ga., says: "La grippe gave me a hacking cough for which I got no relief until I took Foley's Honey and Tar Compound, and was soon well of both cough and cold." Wingood's Drug Store.—Advertisement.

A communication was received from H. Hinrichs in reference to waste water on his land and same was referred to the zanja committee.

A petition for a pipe line was received from J. E. Luther et al., and granted subject to the approval of our superintendent, the petitioners to pay one-half the cost of the pipe line and all the cost of the gates, and the superintendent was instructed to do the work.

A report was filed by Roy Hilliard, zanjero, stating that on February 14, 1914, he found the water running on land of S. J. Jackman, without said S. J. Jackman having been notified to take said water. A letter was also received and read from S. J. Jackman in reference to same.

A motion was made instructing the secretary to cite S. J. Jackman to appear before the board on March 28, 1914, at 11 a.m. The roll was called, Geo. Dierker, Fred Rohrs, A. G. Finley and H. W. Lewis voting yes, and L. E. Smith voting no. Carried.

On motion, the board adjourned.

O. E. MANSUR, Secretary.

The superintendent's report was read and ordered filed as follows:

**Superintendent's Report**

**LESS DYSPEPSIA NOW  
—HERE'S THE REASON**

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Peppermint and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00. Mater's Drug Store, 106 West Fourth street, Santa Ana.

Special "Health Warning" for March

—March is a trying month for the very young and for elderly people. Croup, bronchial colds, la grippe and pneumonia are to be feared and avoided. Foley's Honey and Tar is a great family medicine that will quickly stop a cough, check the progress of a cold, and relieve inflamed and congested air passages. E. C. Rhodes, Middleton, Ga., says: "La grippe gave me a hacking cough for which I got no relief until I took Foley's Honey and Tar Compound, and was soon well of both cough and cold." Wingood's Drug Store.—Advertisement.

A communication was received from H. Hinrichs in reference to waste water on his land and same was referred to the zanja committee.

A petition for a pipe line was received from J. E. Luther et al., and granted subject to the approval of our superintendent, the petitioners to pay one-half the cost of the pipe line and all the cost of the gates, and the superintendent was instructed to do the work.

A report was filed by Roy Hilliard, zanjero, stating that on February 14, 1914, he found the water running on land of S. J. Jackman, without said S. J. Jackman having been notified to take said water. A letter was also received and read from S. J. Jackman in reference to same.

A motion was made instructing the secretary to cite S. J. Jackman to appear before the board on March 28, 1914, at 11 a.m. The roll was called, Geo. Dierker, Fred Rohrs, A. G. Finley and H. W. Lewis voting yes, and L. E. Smith voting no. Carried.

On motion, the board adjourned.

O. E. MANSUR, Secretary.

The superintendent's report was read and ordered filed as follows:

**Superintendent's Report**

Orange, Cal., Feb. 27, 1914.

To the Board of Directors of the S. A.V.I. Co.

Gentlemen:—Work done during the month is as follows:

On ditch N have laid 446 feet of 24-inch pipe and put in one delivery gate.

On petition for extension of ditch C for Dowel et al., have laid 318 feet of 12-inch, 822 feet of 16-inch pipe and put in three delivery gates.

On petition of J. A. Meadows, Fred Ahlfield and George Bates, have put in measuring gates as ordered.

On petition of Geo. Dierker have made proper connection to private pipe line instead of measuring gate.

At company's office have put in 100 feet of 60-inch cement walls.

At pump No. 2 have filled 60 feet of old pit to protect pump house.

Have replaced dam at head of canal which was washed out during first storm.

Have men employed cleaning head ditches and other breaks will be repaired as soon as possible.

Respectfully submitted,

W. A. RALPH,  
Superintendent.

Treasurer's report was received and ordered filed.

The janitor committee's report was received and approved and ordered filed as follows:

**Zanja Committee's Report**

IN THE JUSTICE COURT

# NEITHER SIDE GOT JUDGMENT

Suit Over Walnut Trees Decided by a Jury Yesterday Afternoon

Walnut trees, 25 of them, were the object of testimony taken before a jury in Justice Cox's court yesterday. Plaintiff in the case was A. R. Marshall, who asked judgment of \$175.50 against T. M. Gilmore. Gilmore replied, asking damages of \$299 because it developed that the walnut trees were damaged by frost. The jury gave judgment against neither.

Marshall alleged that last spring he sold the trees to Gilmore for \$1.30 each, and was paid \$100 down. He says Gilmore refused to pay the remainder. Gilmore admitted refusing further pay. He said the trees were frozen, and what growth there was came from the root and not from the grafted portion of the trees. Gilmore asked for \$299 damages because his orchard plans were set back a year. C. H. Stanley was attorney for Marshall and H. C. Head for Gilmore.

## Default Entered

The default of the defendant was entered today in the suit of H. Romer & Company of Tustin against Herbert Swall for \$277.67. Williams & Rutan represent the plaintiff.

## Sent to Jail

Expostulating to the last second, Jose Hernandez and Miguel Talamantes had a hearing this morning and were sentenced to the county jail for ninety days apiece. Vagrancy was the charge against them, but testimony that they stole a pair of shoes from Turner's shoe store was produced. It was testified that they entered the store with a telescope basket, and that while they were there a pair of shoes disappeared. When Connell and Officer Lacy arrested them they found that the telescope had a trap-door in the bottom through which articles could be slipped. N. D. Meyer was interpreter in the case.

**Stubborn Annoying Coughs Cured**  
My husband had a cough for fifteen years and my son for eight years. Dr. King's New Discovery completely cured them, for which I am most thankful," writes Mrs. David Moor, of Saginaw, Mich. "I have known Dr. King's New Discovery to be a great blessing to many people. It has done much good. I would like to thank Dr. King for these men. It will do for you, Dr. King's New Discovery should be in every home. —Stops hacking coughs, relieves a gripe and all throat and lung ailments. Money back if it fails. All druggists. Price 50c and \$1.00. H. E. Bucklin & Co., Philadelphia or St. Louis. —Advertisement.

## BASEBALL SERIES OPENED BY CHICAGO AMERICANS

LOS ANGELES, March 5.—The second squad of Chicago Americans under Billy Sullivan arrived today for a series of games that opened this afternoon in Washington Park, against the Venice team.

The University of California team arrived today to play a series against southern colleges.

## Allan Knew

The teacher in a country school always tried to make the lessons as interesting as possible.

"Now, children," she said, "let me see what you remember about the animal kingdom and the domestic animals that belong to it. You have named all the domestic animals but one. Who can tell what that one is?"

There was no reply.

"What?" exclaimed the teacher. "Does no one know? It has bristly hair, likes the dirt, and is fond of getting into the mud."

"Well, Allan?" said the teacher.

"Please, ma'am," said the little boy reflectively, "it's me."—Lippincott's.

The Child—Oh, mamma, you say a swear word, and come to the other place, too."

**"CASCARETS" CLEANSE LIVER AND BOWELS**

Feel Bally! No Headache, Sour Stomach, Bad Breath, Constipation

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick headache, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.—Advertisement.

### WILD GOBBLERS SQUIRRELS ALSO

An Effort is Being Made to Get Stock for State Game Preserve

### GOOD LOCATIONS IN THE LOCAL MOUNTAINS

Those Familiar With Sections Anxious to See Experiment Tried

It is more than likely that the state game preserve in the Santa Ana Mountains will be stocked with a flock of wild turkeys and with enough tree squirrels to tend hope to the idea that the tree squirrels will be in the mountains to stay.

The state preserve takes in a large section of the Trabuco division of the Cleveland National Forest. By an act authored by the Orange County Fish and Game Protective Association, the preserve was established by the last legislature. The object that the local game association had in establishing the preserve was to provide some portion of the mountains in which deer could not be disturbed. The theory is that with this large area where deer are protected the deer will be saved from extinction in the local mountains. While protecting the deer, the preserve will be the means of producing more deer than is now the case. In a couple of years the hunters will be getting as many deer as they have any year recently. They will not have to get very many to outdo the last season. There were not enough bucks killed in the Santa Ana mountains last season to overload a wheelbarrow.

The game warden on the Elsinore side of the preserve has begun posting the preserve. Forest Supervisor Wynne of San Diego states that the preserve line runs too close to the edge of the foothills on the east side. An effort may be made to get the next legislature to change the boundary line on that side. Changes may also be found necessary on the San Juan Capistrano side.

When L. A. Barrett, assistant forest superintendent of California and Nevada, and Forest Supervisor Wynne were here recently in conversation with County Treasurer Joplin and T. E. Stephenson the question of securing a stock of wild turkeys for the preserve was brought up. The two forest officials were enthusiastic over the suggestion, and promised to do what they can to provide the local preserve with some of the birds.

Barrett, who is thoroughly familiar with the Santa Ana mountains, not only as a forest official but also as an old resident of this section, stated that he is certain the birds will thrive. There are a number of places in the mountains where oak trees are plentiful and water obtainable for the birds. On some of the potteries in the out-of-the-way places the birds would not be disturbed by poachers.

Barrett stated that he would take the matter up with the Fish and Game Commission in San Francisco on his return to his own office in that city. He said that he believed there would be no difficulty in getting the wild turkeys from the state. Joplin and Stephenson told him that he could assure the commission that the turkeys would be located in the best available places in the preserve without expense to the state, and that careful watch would be kept by the men living in the mountains and any person caught killing any of them would be prosecuted.

Barrett stated that he believed pheasants would do well in some parts of the mountains, and he

Touchard, New Indoor Tennis Champion

### SATURDAY FIELD AND TRACK MEET AT LONG BEACH WILL GO TO POLY THINK LOCAL BOYS

Cardinal and White Athletes have shade on all Members of the Beach Squad-- Week-end Event Will Show Lay of the Land

If comparative results of last Saturday have anything to show on the result of the coming track meet with Long Beach, the Santa Ana team stands a good chance to come home with the big end of the score. Last year the green and gold team was defeated by twenty points but this year they have a much stronger team. Their star sprinter, Wark, has carried everything before him this year. He won the open hundred at the Oxy Relay Carnival and in the meet with Pasadena last Saturday he ran away with all three sprints, in good time. The 50-yard dash he took in 5:2 and the hundred in 10:2, while he led the field in the 220 in 23 seconds flat, which is mighty good time. But he will have a great old race if he runs up against the Santa Ana jack-rabbit in these short races. Adkinson is wonderfully fast in the hundred and 220 and Herb Damron will back him up strongly in the furlong and Charlie Fahey is going to do his best to show some one up in the 50.

Last evening the track squad was put through a number of short dashes and as a result Bev Anderson will probably run the hundred in addition to the quarter. He was clocked in 10:3 in a trial heat. The quarter mile will certainly be some race. Long Beach has two men who are capable of 54 seconds and Santa Ana will enter three men who are capable of that. Eddie Fahey and Bruce Wallace will keep company with Bev Anderson in the 440.

In the half-mile Long Beach has only Burkhardt and he was forced to take Keech's dust last year so the captain is not losing sleep in anticipation of the 880 duel. Bob Hill is due to make some bumpy bump in this race. Keech should also have an easy time of it in the mile for he ran about 4:40 last Saturday in the meet with Manual Arts and was beaten only by one of the best milers in the state.

The hurdles seem to be a point of attack that the beach lads enjoy. Paul Wilcox, a former Santa Ana man, who is captain of the Long Beach team this year, has been running the lows for several years and won them in the Pasadena meet. No time was given there but the two Plavan brothers will make him run less than 28 seconds.

### THE CULPABLE BABBLINGS OF DIOGENES DING-BUSTIT

#### About Microbes

Let there now be tremendous gatherings of the citizenry in the market places. Let there be mad pounding upon many defenceless kettle drums. Let there be vast and unrestrained clashings of cacophonous cymbals. Let there be a noise in the land of acclaim, of applause, an excessive tumult, a riotous and rampant clatter, in short, of frenzied panegyrics and frantic plaudits.

I have discovered a new bug. There has long been a vague squirming in certain quarters that proclaimed that the presence of the insect was not altogether unsuspected, but it has remained for me to come forth and announce positively that it really exists. I have bestowed upon this little animal the name of Reforma Americana.

The main business of this microbe is to goad a large percentage of our otherwise perfectly sane and respectable peoples to wild and ceaseless indulgence in that insane species of dance known as Reform. It takes no account of rank, riches or profession. There is no telling which harmless and unsuspecting citizens it is about to attack. No one is safe.

It causes its victims to luxuriate in the most shameless of prancings; the most indecent of covortings. It singles out for its prey the youngest pulchritudinous damsel as well as the most divinely honeyed maiden of forty summers. It fastens its horrible talons upon the most lovable of bachelors. It glues itself upon the persons of those nonchalant, smiling, medal-deserving heroes who pay their income tax and their state automobile license without a murmur.

By the side of the terpsichorean gyrations of those afflicted with Reforma Americana the most unbridled tango ever invented looks like a minuet stepped by the ghosts of an army of semi-octogenarians. Reforma Americana causes epidemic chorea by the side of which a hornpipe pulled off by 10,000 drunken sailors would look like the funeral procession of one of those depraved beings, like myself, who write for the newspapers.

The effect of the choromana brought on by my little microbe, even in its less violent manifestations, might be likened somewhat to the bland and docile copera a man would cut were he to tread barefooted upon a red-hot tacks.

The patient's eyes roll upward as though he were trying to see the parting of his hair without the aid of a mirror. The eyes have that inspired effect, that "I-am-one-of-the-chosen" appearance. There issue from his mouth the most unabashed bleatings, the most unblushing Brayings, and the

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and r.w. spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous excretions which puff up the feet. Use "TIZ" and forget your foot.

Good-bye corns, callouses, bunions and r.w. spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous excretions which puff up the feet. Use "TIZ" and forget your foot.

### SELLS COLE "SIX" TO GARDEN GROVE MAN

Wisdom & Company, local agents for the Cole, report having delivered a Cole six-cylinder car to Mr. A. P. Dressback, a prominent rancher of Garden Grove. Mr. Dressback started out for home in his new machine after having been given two lessons in driving. He is planning a tour to San Francisco, via Bakersfield and Fresno, for the first of May.

BUYS CHALMERS "SIX". Waffle & West, local agents for the Chalmers, sold a fine six-cylinder to J. H. Rankin of the Rankin Dry Goods Company this week. The car, which is a beauty, will be delivered to the purchaser within a few days.

Good-bye corns, callouses, bunions and r.w. spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous excretions which puff up the feet. Use "TIZ" and forget your foot.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, MARCH 5, 1914.

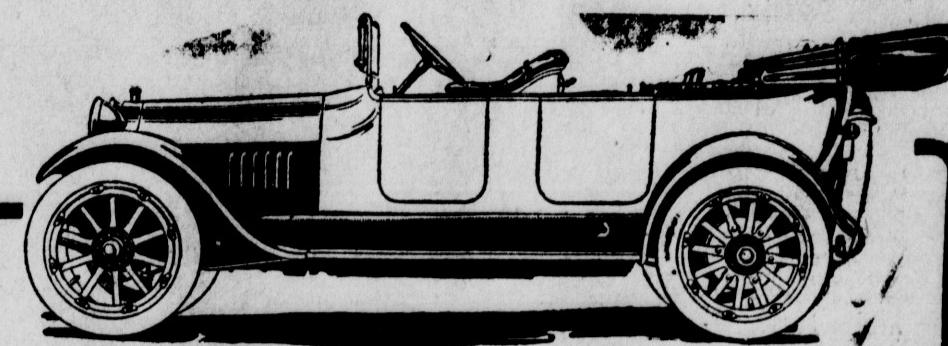

### Chalmers--1914

The Master

"Six"

\$2325

Delivered here.

## At the Top!

The "six" is, of course, THE car. Few doubt this. However—some "six" must be "at the top." To be there, its mechanical excellence must be the highest and its price must be DOWN.

To produce a \$5000 "six" is not so difficult. But to build a "Master Six," like the Chalmers, with the improvements of the highest-priced cars, and sell it at \$2325—leaves no doubt as to which "six" is in the ascendency.

That the Chalmers is "at the top" WE know from a recent month's sales aggregating TWO MILLION DOLLARS. We want YOU to know it through the Chalmers "Ride of Rides"—a REAL demonstration.

# WHERE YOU CAN GO IN AUTO

Most County Roads Good Except to Los Angeles by Way of Whittier

## BEACHES MAY BE REACHED BY AUTO

Motorists Need Have No Fear of Encountering Many Places Not Passable

J. W. Tubbs of the Santa Ana Automobile Club is authority for the statement that most of the county roads are passable except that to Los Angeles by way of Whittier. He was informed by the Los Angeles Auto Club that the bridge at Montebello was likely to be repaired by Monday although this was not certain, so motorists intending to visit Los Angeles had better go to that city by way of Brea canyon until it is definitely announced that the bridge is repaired.

The Santa Ana Commercial Company, of which Mr. Tubbs is manager, maintains an extensive transfer truck service that extends to many points in Orange and Los Angeles counties and it is therefore necessary for the company to keep in close touch with road conditions.

Other than the road to Los Angeles by the Whittier way it is practically possible to reach all Orange county points by automobile. The road to Newport and Balboa by way of Fairview is in very good condition. Highway work is being done on the road to the beaches along the Southern Pacific track between the south end of Main street and Turin, so motorists are advised to shun this direction of travel.

As far as the canyon roads are concerned it is possible to motor in the Santiago canyon as far as Modjeska's. Although many of these roads have been washed away to a great extent it is practicable, by going to one side and avoiding the old roadways, to find first class means of getting over the ground. In the Trabuco canyon it is not possible to get further than the Sleeper ranch.

## RECONSTRUCTION OF A TIME-WORN TRAIL

By Henry B. Joy, President Lincoln Highway Association

I have received many inquiries as to when the Lincoln Way will be opened to travel. It is open to travel now. A brief statement may help a more general understanding of the nature of this roadway which reaches 3500 miles and connects Forty-second street, New York, with Market street, San Francisco.

If the tourist should leave New York today by the Forty-second street ferry, his motor would quickly take him to Newark, N. J., over the eastern terminus of the Lincoln Way which has been built and officially named as such by the local authorities—a magnificent highway including two large steel bridges over the Passaic and Hackensack rivers.

That road continues on to San Francisco! It is completely marked either by the old motor club markings or road association signs. Since September 14, a great part of it has been marked by local authorities with the official signs of the Lincoln Highway. That work is being carried on as opportunity is afforded.

Publications of the American Automobile Association give the road almost with no deviation under old road or trail titles. The Blue Books will take you across the country by this route in very detailed description. After actual route study for many years, we simply named it with the consent of the public the Lincoln Highway.

The Lincoln Highway is on the map. It is a real road today. It was an actuality before we studied the very practical project of giving it a national name.

It has always been the route of the pioneers who invaded the great west, from Washington's day to the time of the "Forty-Niners" and on to the motor car era of today. The Overland Trail is yet fresh in the memories of many who traveled it fifty or sixty years ago.

From New York to San Francisco the length of the trail is about equal to the shortest transcontinental railroad lines, and in general it approximately parallels the engineering undertakings of those early railroad constructors who went into the west first and took the best routes for their iron trails.

In Utah the road diverges from the Union Pacific and takes again the pioneers' southwesterly route for two reasons: mainly because it is the best route, and also because it reaches a point in Nevada which is almost as

far west as San Francisco.

A glance at the Lincoln Highway Association's official map lends startling force to the logic of the suggestion. The lateral branches shown are actual roads which are daily traveled by many thousands who are forced to labor with the fierce conditions of road service incident to bad weather.

We want funds with which to advance this work. We are receiving many subscriptions, and we want more, to be used where, in the judgment of the association, the money will accomplish the most good toward the desired end.

Our association will build sections where the donor stipulates in co-operation with the local authorities.

It is a big project. It is bigger than our little association. It is as big as the whole people.

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, March 5.—The opening season for the development of phenomena is now on. With the warm March sun of the South shooting into the systems of managers, vets and rookies and various other things trickling through the systems of the war correspondents the annual tales of the wonders from the bushes are on tap. You may believe the stories or not, but every phenom that may be developed will be needed. This stormy Winter League, which has kept all baseballdom quivering with expectancy and palpitation with petulence will be reflected in the regular playing season.

Out of the swirling mass the Chicago Cubs have come out wrecked. The Cleveland Naps stand stripped of several main springs in their pitching apparatus due to raids of the Feds. The Cincinnati Reds couldn't have been made much worse, so they will start with the same old question mark attached to their tail. The Phillies are minus a veteran in Knabe. Their other Federal jumpers may be tied up in the courts after the first game. And so it goes on down the line, a hole here and a bruise there, and the National League suffering from what may not have been quite a civil war, but badly scarred nevertheless by the upheaval brought on by the Murphy-Evers affair.

All the grudges that the players have had against Hank O'Day as an umpire will certainly be satisfied in the months to come. They got even with O'Day in measure when he became manager of the Reds, but the job he had at that time was a pipe compared to the dizzy going ahead. In the first place if the Cubs do not get Sweeney from Boston all O'Day has to do as a starter is to plug up two gapping holes in his field. At best he has one to fill. With Johnny Evers out of it and Al Bridwell a

Federal jumpee, the entire vicinity immediately adjacent to second base is defenseless.

O'Day has nothing to worry about but the establishment of a second baseman and short stop behind his pitchers. In addition the head of the club has been kicked out of organized ball and a new boss is in the saddle. The last cog of the old smooth running Cub machine has been kicked away. Several men who served under Chance and know what discipline and playing real "inside ball" mean are still in the outfit, but they have witnessed the wrecking of the machine, are serving under their second manager since Chance was fired, and being old dogs at the game may not be expected to start in learning many new tricks.

If O'Day is able to establish himself as the real boss of this outfit and makes a winner he will surprise hundreds who looked on while he was wrestling with the Cincinnati Reds.

The Yale coaches have told the candidates for the Blue crew that with "work and faith" they can beat Harvard.

Outside of getting back to a system of rowing that does not use up about 50 per cent of their power in lost motion, putting beef and brown equal to that of Harvard in the boat, and being able to row just a little better than the Crimson, it might be that "work and faith" is all that is needed.

While Tom Sharkey has been doing his bit of 30 days for keeping a disorderly house and incidentally qualifying as an expert snow shoveler in the jail, the authorities have revoked Tom's license to run a cafe. This means Sharkey will lose his famous Fourteenth street establishment where he made a record for

## RACERS TAKEN INTO THE AIR BY MARTIN

Aeroplane Party Given Eastern Drivers by Western Automobile Association

The Western Automobile Association were hosts at an aeroplane party Monday afternoon, March 2, in honor of the Eastern drivers and mechanicians. Arrangements were made for twenty minute flights with Glenn Martin at the Griffith Park Aviation Field. Among those enjoying the flights were Harry Grant and E. Jandelli, his mechanician; Spencer Wishart and his mechanician, Jack Jenter; Edward Pullen and Mechanician A. Vollman, Barney Oldfield, Fred J. Wagner, Frank Lowry, W. S. Wood, automobile editor of the Los Angeles Evening Herald; E. C. McShane, New York City agent for the Mercer automobile; Finley R. Porter, chief engineer of the Mercer factory, Trenton, N. J., and Leon T. Shettler of the racing committee of the W.A.A.

Lincoln Beachy was on hand to see the fun. President F. A. Garbutt of the W.A.A. was the master of ceremonies. Mr. Garbutt is one of the best known amateur aviators in the country and has taken many a cross-country flight with Glenn Martin. He threatens to blossom out with his own aeroplane within the next few weeks as he has one practically completed.

With the exception of Lincoln Beachy and F. A. Garbutt, every one of the above mentioned received his first ride in an aeroplane.

Watching other people spend their money for wet goods without separating himself from so much as a nickel. If shoveling snow takes the knits out of some of Tom's muscles we might as well get ready for a load yelp from him when he gets out of jail, the burden of his remarks being that he can lick any white hope, past, present or future. As easy as the money has been around New York Sharkey won't waste time in grabbing some if he really needs it.

While in this country recently "Snowy" Baker, the Australian fight promoter, told of a freak fighter they have in the Antipodes who has it on almost any "bug" fighter developed here. Jerry Jerome, the freak, is 45 years old, according to Baker; never trained a day in his life; goes into a fight laughing and smiling and if the fight ceases to amuse him will throw off his gloves and jump from the ring.

"Jerome doesn't stand up like an ordinary fighter," said Baker, "but crouches like an animal. If a fight gets dull he puts his right foot forward and starts swinging as wild as a kangaroo. If a fight gets dull he'll simply jump out of the ring and quit even if he has the fight won. He hasn't any idea of the value of money, and one day when he asked me for a loan of three pounds and I told him I did not have that much he came back with: 'Oh, well, then let me have six.'"

The College of Athletes at Rheims, France, the first institution of its kind in the world, has started athletic classes for women. The purpose is to fit women for positions in colleges as "monitresses."

## DECK TO IMPORT LOCAL BILLIARD PITCHER FOR MOOSE

Spit-Ball Artist from Inyo County Said to Have Speed Up His Sleeve

GAME AT VERNON  
ON MARCH 15

Santa Ana Will See Fast Ball if Suitable Grounds Can Be Secured

S. E. Deck, manager of the local Moose ball team, has had word from John Sais, of Bishop, Inyo county. Sais is the new pitcher for the Moose and it is expected he will report for work by Saturday.

Sais is twenty-four years of age and it is said has large quantities of speed and curves up his sleeve. He is joining the local aggregation in the hope that he will soon get a try-out with one or another of the Southern California leagues. Sais is a comer and should be a great asset for Deck's team, which expects to be ready for its first game by the fifteenth of March. At that time a game will be played with the Los Angeles Moose team at Vernon.

Deck has the following players engaged: Carl Stevens, Eddie McGaffey, Pete Duhart, George Walters, "Rummy" Dubois, Andy Luxembourg and Art Freeman.

Deck is negotiating with "Brownie" West, trying to induce him to take the job of holding down the second sack. Whether the "Midget" can be induced remains yet to be seen.

The team will have gray uniforms with a fine blue stripe and a big red moose head on the front of the shirt. The Moose players are bound to make a showing when they get ready for action, as they will have snap and glinger as well as a natty appearance.

The Moose ball club manager is trying to locate a place where games can be played here. It is hoped that parties can be found who will help the cause of amateur athletics in Santa Ana by offering grounds at reasonable rates.

COUNTY GAME WARDEN HAS FILED A REPORT ON FEBRUARY PATROL

The monthly report of County Game Warden W. K. Robinson of Trabuco, as filed with the Board of Supervisors:

Feb. 1.—Patrolled among the gun clubs; observed no violation of the game laws. Returned to Santa Ana via P. E. Ry.

Feb. 2.—Spent the day in Santa Ana. Made out reports and waited for notices from Los Angeles to serve on the ditch companies.

Feb. 3.—Served legal notice on John T. Carpenter and Serrano Water Companies at El Modena to screen their ditches.

Feb. 4.—Made complaint to the Board of Supervisors that tenants on the O'Neill ranch and Trabuco canyon were plowing up and otherwise obstructing the county roads. Afternoon patrolled San Joaquin ranch roads, Aliso and Live Oak canyons.

Feb. 5.—Patrolled Bell canyon.

Feb. 6.—Patrolled Gobernadora canyon and Trabuco mesa.

Feb. 7.—Patrolled Trabuco, Oso, Aliso and Live Oak canyons.

Feb. 8.—Patrolled Trabuco and Holy Jim canyons.

Feb. 9.—Patrolled Gobernadora canyon and Trabuco mesa.

Feb. 10.—Patrolled Trabuco and Oso canyons and San Joaquin ranch roads to Santa Ana.

Feb. 11.—Patrolled San Joaquin ranch roads, Aliso and Live Oak canyons.

Feb. 12.—Patrolled Live Oak, Aliso, Santiago and Silverado canyons.

Feb. 13.—Patrolled Williams, Black Star and Silverado canyons.

Feb. 14.—Patrolled Santiago, Aliso, Live Oak and Trabuco canyons.

Feb. 15.—Patrolled Trabuco and Oso canyons, and San Diego road to Santa Ana.

Feb. 16.—Put in the day in Santa Ana. In the morning by appointment to meet the manager of the Arden Country Club regarding screens on ditches. Afternoon in Justice Court on the M. J. Connell duck shooting case.

Feb. 17.—Went out to the duck clubs in the Bolsa district, via the P. E. Ry. Patrolled among the clubs, returned to Santa Ana on the same route.

Feb. 18.—Rainy day; stayed in Santa Ana.

Feb. 19.—Rainy day; stayed in Santa Ana.

Feb. 20.—Rainy day; stayed in Santa Ana.

Feb. 21.—Rainy day; stayed in Santa Ana.

Feb. 22.—Returned to Trabuco, via San Joaquin ranch roads, Aliso and Live Oak canyons.

Feb. 23.—Patrolled Aliso, and Live Oak canyons to El Toro, and returned over same route.

Feb. 24.—Patrolled Bell canyon.

Feb. 25.—Patrolled Lake Oak, Aliso, Santiago and Williams canyons.

Feb. 26.—Patrolled Santiago, Silverado, and Black Star canyons.

Feb. 27.—Patrolled Santiago, Aliso, Live Oak and Trabuco canyons.

Feb. 28.—Patrolled Trabuco and Holy Jim canyons. Found many creek crossings impassable for rigs, have to use saddle horse mostly.

## LOCAL BILLIARD PLAYERS NOTE RETURNS

Tournament of Billiard Champs in Windy City Excites Interest Here

YAMADA DEFEATED BY HOPPE ON MONDAY

Jap Comes Back on Tuesday and Hangs it on George Slosson

Local balk-line billiardists are watching with much interest the progress of an 18.2 tournament being held this week in Chicago between five of the world's greatest billiard players.

The players are William Hoppe, the champion, and the favorite in the meet; Koji Yamada, the Japanese, who has the distinction of having beaten Hoppe; George Sutton, George Slosson and Calvin Demarest.

The contestants are to divide a purse of \$500 and the receipts, according to their standing at the end of the tournament.

Willie Hoppe defeated Yamada, 500 to 174, in the first match, which ran ten innings, Hoppe having a high run of 166. Yamada's best inning was 91. Hoppe averaged 50 and his opponent 19.29. Hoppe had a great advantage over the Jap owing to his cleverness in nursing the balls. Score:

Hoppe—1, 1, 79, 92, 156, 7, 32, 39, 43, 50—500.

Yamada—3, 2, 40, 21, 5, 0, 12, 91, 0—174.

Yamada defeated Slosson in the Tuesday afternoon game 500 to 454. The victor's high runs were 34 and 62. His average was 13.18. Slosson's high runs were 59 and 47. His average was 12.22.

Tuesday night George Sutton defeated Calvin Demarest 500 to 359 in the third game of the tournament. The game was slow, running twenty-eight innings. Sutton's high run was 68 and Demarest's best inning was 74. Sutton averaged 17.24.23 and Demarest 13.18.27.

Sutton made forty in his first inning and steadily increased his lead. Score:

Sutton—40, 6, 4, 27, 19, 17, 11, 0, 7, 0, 38, 27, 17, 0, 1, 11, 9, 0, 68, 4, 31, 35, 47, 13, 1, 22, 0, 44—500.

Demarest—5, 8, 0, 10, 0, 6, 3, 14, 1, 4, 25, 1, 35, 0, 9, 74, 2, 35, 5, 29, 10, 0, 48, 0, 10—359.

Willie Hoppe defeated George Slosson in Thursday night's play of the 18.2 balk-line billiard tournament, 500 to 351. Hoppe ran out in seven innings, making a high run of 216 points in the sixth. His average was 71.37 to Slosson's 5. Scores by innings:

Hoppe—77, 88, 0, 29, 1, 212, 89—500

Average, 71.37

Slosson—1, 1, 30, 1, 2, 0, 6—351

Average, 5.

In the afternoon game, Koji Yamada, 506 to 414 in 28 innings. The Japanese made a high run of 77 and Demarest of 60.

The score:

Yamada—14, 49, 1, 45, 2, 0, 0, 57,

54, 17, 1, 29, 0, 9, 23, 1, 26, 45, 3, 43,

1, 24, 0, 0, 2, 1, 27—506

Average, 14.24.78

Demarest—0, 14, 31, 5, 0, 5, 0, 4, 9,

17, 36, 14, 0, 53, 13, 1, 12, 8, 7, 39, 19,

2, 41, 2, 34, 11, 24, 0—414

Average, 14.12.28.

THE LOZIER "FOUR"  
DUE HERE NEXT WEEK

R. L. Draper, who has recently taken the agency for the Lozier line of high class cars, expects to get his first Lozier "Four" within a few days.

The "Four" will have every quality of mechanical construction that the Lozier "Six" possesses, with all the Lozier refinements and luxuries and best of all will sell at a very moderate price. It is predicted that this new production of the Lozier factory will take high rank with other four-cylinder cars. The Lozier "Six" is now on the salesroom floor at the Cartercar Garage and the "Four" is due to arrive early next week.

ONE FORD AUTO IN CITY OF LOS ANGELES TO EVERY 100 INHABITANTS

LOS ANGELES, March 5.—There is one Ford to every 160 persons in Los Angeles. This is the assertion made to the members of the realty board at the luncheon last week by B. L. Graves, who is in charge of the new assembly plant at Seventh and Santa Fe streets. In explaining why the Ford plant was built here, he said:

"Two years ago last fall the Ford Motor Company found that if it was to increase its production from year to year it would be necessary to have automobile assembly plants located throughout the world at the larger trading centers."

"In the first place a freight car shortage could cripple the Detroit plant in a very short time. Where would they store a week's production of 7000 cars in case of a railroad tie-up? There are not enough warehouses in the state of Michigan to handle that number of machines on short notice."

TRAP SHOOTING ON ROOF

NEW YORK, March 5.—Some of the best trap shooters of the country have been entered in tomorrow's competitions to be held on the roof of the new Grand Central Palace in connection with the Travel, Vacation and Sportsman's Show. Many handsome gold and gem-studded prizes valued at many thousands will go to the winners and to second and third places. The show will continue through March 14.

"THINGS OF YESTERDAY LOOK QUEER AND ANTIQUATED TODAY."

## This Is Particularly True of Automobiles

First we had the manufactured car. The assembled car was the next evolution, which was followed by the Standardized car, as originated by the

## Cole Motor Car Co.

### A BRIEF DEFINITION OF THE THREE TYPES

#### THE MANUFACTURED CAR:

A manufactured car was any car built from radiator to rear axle by a single group of men who made all its component parts, and who, therefore, could specialize on none of them.

#### THE ASSEMBLED CAR:

An assembled car was any car all parts of which were assembled from promiscuous sources—with price to the maker instead of service to the user, the factor which determined selection.

#### THE STANDARDIZED CAR:

The standardized type of car, as originated by the Cole, is any car built entirely of perfectly inter-related standardized parts—a standardized part being any part which has been built so well that it has become the standard whereby all other similar parts are measured.

America's Aristocracy of Parts, are included in the construction of the Standardized Cole.

If there is a single part made, that is pre-eminently the standard of excellence over all other makes of that part, you'll find it is now used in Cole cars.

## CLUB SMOKER WAS CLASSY AFFAIR

ROBERT J. LOGAN,  
CHAMPION SKATER

Excitement Galore in List of Athletic Events Pulled Off Last Night

SCIENTIFIC WORK BY TEAM HUGHES AND SCHWARTZ

Wrestling Match of Perkins and Webber Gem of the Art—Program All Good

At the monthly smoker of the Santa Ana Athletic Club last night there were enough "doings" to satisfy even the most blasé of athletic fans. There were at least two events that for genuine ability on the part of the participants could hardly have been equalled at any club in the country. The four round exhibition between the two Angel City boys, Buzz Hughes and Heine Schwartz, would have made the eyes of that old master of ring generalship, Jim Corbett, stick out with admiration. Then there was the wrestling debate between Perkie Perkins of Santa Ana and Sam Webber of Delhi. The little incident was in itself what might be called a classic of the art.

**Hughes and Schwartz Scientific**  
Hughes and Schwartz worked in a manner that showed they were absolutely at home in the ring. Schwartz and Hughes more particularly, had just about everything in the way of boxing science. Both men covered, parried, feinted and led, at all times in such a manner as to show that they were cool and collected—ready to take advantage of the slightest opening. This bout was, without a doubt, one of the most striking exhibitions of the way men should handle themselves in the ring ever seen in this city. It is hard to tell what would have happened had they let loose and begun one of those "knock down and drag out" affairs. There are a great many who think that because a man has a lot of ability at slugging and can mix things furiously, he is a good boxer. This is far from being the case, as was proven by Hughes and Schwartz when they started, in the fourth round, to "go after it hard." It was plainly to be seen that when science is thrown to the winds a boxing match becomes nothing but a rough and tumble affair in which almost anyone is capable of taking part.

**Webber Throws Perkins**  
In the wrestling Sam Webber of Delhi threw Perkie Perkins of Santa Ana after eighteen minutes of hard wrestling. While the match was limited to twenty minutes it furnished plenty of excitement and several times brought the crowd to its feet. Both boys displayed a great deal of skill and are bound to show a lot of class with a little more experience. As it was the wrestling bout between these two was one of the best ever staged here.

**Midgets Show Speed**  
The first bout of the evening was between Neil Raney and Claude Corrum of Santa Ana. Much clever work was displayed by these youngsters and the go ended in a good draw.

**Arrouez is a Comer**  
Johnny Arrouez of Los Angeles easily defeated Otto Kayone of Delhi through his superior skill, generalship and speed. The Delhi man appeared ill at ease in the ring and was outclassed from the start.

**Other Events**  
Frank Ocampo of Santa Ana earned a hard draw with Abe Hebron of Los Angeles. In the first round it appeared that the local boy had absolutely no chance with Hebron though in the following rounds Ocampo showed more and more ginger. Benie Osterman and Neh Hanselman of Santa Ana went four fast rounds to a draw, and Big Spud Morrison and Wm. Giedhill gave the crowd a run for its money in a four round exhibition bout.

**Big Brick Grouard, the coming white hope, and Spider Flowers, king of the little fellows, acted as official seconds for all contestants and handled themselves like veterans of the game.**

The boxing was good from start to finish and with the exception of one bout there was practically no clinching during the whole performance.

Action, and plenty of it, seemed to be the slogan of the men who furnished the entertainment.

**CLUB HIKES OFF TO MT. WILSON SATURDAY**

On Saturday afternoon and evening from six to twenty boys from the Santa Ana Athletic Club together with Mr. Foley will leave for Mt. Wilson. They will make the trip up by moonlight and return Sunday. This is one of the most popular trips in Southern California and seems to have appealed to the boys.

**Brick Grouard, the Big Swede, and Dean Culver, the Little Swede, will act as official mascots for the trip, while Slim Gule will act as the donkey and carry all provisions. Baker, who is a strong vegetarian, proposes to eat an extra meal or so before starting through (or a famine at the Mt. Wilson hotel).**

In case all have not returned by Monday morning a re-set party formed of members of the ladies auxiliary will be drafted to make a search for the missing.

Take a stenotypy course at the Orange County Business College,

Pacific Coast

**The most accessible 6-cylinder motor car built**

Beauty and utility are combined in the Oakland 6-48 Touring Car. It is a logical car for those who desire the smoothness insured by its six cylinders.

The stream line body has been followed faithfully and your comfort has been well provided for in the wide, deep upholstered seats, and the care with which the steering wheel has been placed at just the correct angle. It has extra side pockets, and every known refinement. The drive is left side center control.

The famous Delco starting, lighting and ignition system is used. Never before has a car like this been offered for the money and it is as dependable as it is beautiful—a perfect motor car.

**12 Distinctive Models, \$1300 to \$2750 f. o. b. Pacific Coast**

**Splitdorf Special Magneto for Ford Cars**

WE INSTALL THEM ON TRIAL

This is a high tension magneto with direct connection, giving more speed, more power, makes your car easier to crank and makes your motor run cooler.

NO MORE IGNITION TROUBLES—NO COILS TO BURN OUT.

If you have a Splitdorf Magneto put on your Ford car. We have several of them in use in Santa Ana, who we can give you as reference. We are ignition experts—Batteries recharged.
